

OWLSnet Wireless Statistics - February 2015

* This report counts individual devices connected to the library's wireless service. For the purposes of this report, one device = one user.

* Because there is no login page, devices that automatically connect to any wireless network within range may be counted, even though the user is not actively using the wireless service.

++ (Comment on "Average Devices Per Day")

Library	Unique Devices	Average Devices Per Day ⁺⁺
Algoma	386	41
